MAJOR CAMPUS POSTS CONTESTED AT POLLS TODAY

Executive Elections Of Debating Society To Take Place Today

**Hugesson Acclaimed Secretary;
Exhibition Debate Planned**

Elections for the executive of the Debating Union of McGill University will be held at an open meeting in the Union Ballroom today at 5 p.m., and every student paying the Students' Society fee is eligible to vote.

Since Students' Society funds go towards the upkeep of the Debating Union Society, all undergraduates and any other students paying fees may vote for the executive of the Debating Union.

POSITIONS CONTESTED

The positions to be contested today include president, vice-president, secretary, and treasurer of the Debating Union, for which the candidacy is as follows:

For President:
Jim Patterson.
Isadore Rosenfeld.
For Vice-president:
Gerald Charnass.
David Common.
Norman Nerenberg.
For Treasurer:
Boris Berbrier.
Richard Denman.
George Goring.

The secretary:
Ted Hugesson was elected by acclamation.

EXHIBITION DEBATE

Besides the elections by secret ballot for the executive of the Debating Union Society, another feature planned for today's open meeting is an inter-faculty debate between the Engineers and R.V.C.

The topic of this exhibition debate is "Resolved that since men and women are equal in the eyes of the law, they should be equal in the eyes of society." The negative will be upheld by the engineering team of David Townsend and George Goring, while Pam Morley and Lillian Stopps will defend the social equality of women.

DVA Announces New Fees Ruling

A ruling has finally been secured on the payment of fees. University accounts will now be adjusted according to the following regulations.

Where a member of the services, pending discharge, commences a course approved by the Department of Veterans' Affairs, authority is given to pay such a person the full term fee, provided his discharge is completed within thirty days after commencement of his course.

Where discharge does not take place within thirty days, payment of the fees for the full pre-discharge period shall be paid by the student.

Therefore, students who have paid bills for thirty days or less should see the cashier to have the

CUP WIRES

Halifax, N.S.: A survey conducted by the Dalhousie Association of Student Veterans has revealed that according to the statements of half of the total number of veterans attending the university will not be able to continue their studies if they must continue to depend on the government rehabilitation grants that they are receiving at present.

Of the two hundred and ten veterans queried in connection with the survey over one half stated that they cannot finish the courses they have started due to lack of sufficient funds.

It was found that the average monthly expenditure of these veteran-students is ninety dollars. This means that they are using thirty dollars of personal savings each month.

Rink-Auditorium Held Necessary By McGill Grads

**Student Contributions
Release College Funds
For Other Projects**

By BETTY BREWER

Much discussion has followed the announcement to the students of McGill of the continuation of the War Memorial Campaign, as to the value to us of a rink-auditorium in comparison with some other building such as a new Union or additional library facilities.

It is interesting to note that similar discussions took place during the meeting of the graduates, held before definite plans were made to continue the campaign. The majority of the graduates, however, supported the building of the rink-auditorium because of its manifold uses—as a concert hall, convocation hall and as a suitable scene for rallies and festivals, all in addition to its primary purposes of supplying McGill with her own practice and hockey rink.

To those who still disagree with the final choice, it might be pointed out, as it was to the graduates, that the supplying of funds by the students and graduates of McGill for the construction of the rink-auditorium, releases some of the University funds for other projects.

It is also a point of interest that graduates all over the world, including Egypt, South America and India, supported last year's campaign and will in all probability support this one if we at McGill show how much we want our physical education facilities completed.

Another sore point among the students during the past few days is that those who contributed last year feel they are expected to do so this year, and openly resent it, perhaps quite justifiably. The committee is anxious to point out that this is not so. The main thing is that everyone who has not supported the effort should do so now.

U. of Man. Forms Hair-raising Plan

**Barbers Are Deserted
While Juniors Donate
Money for Gym, Union**

Junior students of Manitoba University have pledged to go without haircuts until \$25,000 has been raised for a student Gymnasium and Union Building funds. Meanwhile they are donating fifty cents every two weeks to the fund. One pessimistic participant of the "Hair-raising scheme has protested on the grounds that long hair will trip the students in crowded halls. Leader of the insurgents J. T. Jones angrily replied, "To hell it will, we will see where we are going, so should they."

Meanwhile one student has offered to do a Lady Godiva down Portage Avenue, if the objective has not been reached in the fall. He admitted he had a head start over everyone else, having 9 3/4 inches of hair to date.

An original plan to raise funds called for a brush cut to the bids of students at a recent basketball game but Governors quelled the suggestion inasmuch as permission to raise funds had not been received. Comment by J. T. Jones, "What a University, I can't even get my hair cut without the Governor's permission now."

It looks as if long bobs will be the fall fashion at Manitoba U.

Construction Crews Still Needed For Harem of 'Pashionate Pasha'

**Glittering Eastern Tavern, Domes and Minarets Stand
Unfinished Pending Arrival of More Painters
And Carpenters**

By CAROL CLEVELAND

Pre-election promises to the contrary, those people rushing about the Union in overalls, and slacks clutching hammers or cans of paint are not re-decorating the building. That sound of pounding coming from the Ball room does not herald another dance.

Even the bridge players are being overwhelmed by the smell of paint and turpentine which fills the top floor of the Union and only the hardest will venture near there now. These are the members of the stage crew of the Red and White Review.

It is here that the harem of the "Pashionate Pasha" is slowly taking shape, glittering with crimson paint and gold dust (it's bronze really, budget you know). Over is another corner an eastern tavern is being built. There has been much discussion on how an Eastern tavern differs from the Montreal species, but the final result is yet to be seen.

Gold and silver sparkle dust shine from the walls where domes and minarets are stacked waiting to be put together into a market square.

There is still a decided need for painters and carpenters, and the stage manager has been heard bewailing the fact that in spite of all the people who signed up to work, there have been several meetings called when no one turned up (not even the stage manager, we suspect). However, he forcibly pointed out that there was a lot in the Daily of the times that scenery was being constructed and that we had better mention it or else . . . Well here is your mention.

Anyhow, a visit to the ball room is all very interesting, even if you do find yourself painting flats before you can get out again as we had to. And if you do go near there, wear old clothes, those paint brushes spray far and wide.

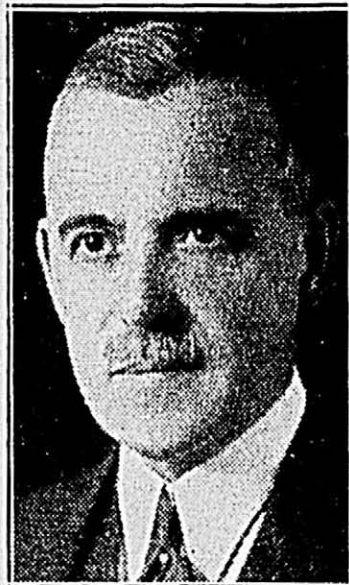

Hon. St. Laurent To Address Club Sunday, Mar. 17

**Minister of Justice
To Give First Talk
Since U.N.O. Return**

Speaking publicly for the first time since his return from the U.N.O., the Right Hon. Louis St. Laurent, P.C., Minister of Justice of Canada, will have as his audience the Newman Club at McGill and their friends, on March 17, at the Convent of the Sacred Heart. It will be the final meeting of the Newman Club in this term.

Called by Time: "No. 2 Man in the Dominion . . . the man most likely to succeed Prime Minister King." Mr. St. Laurent headed Canada's five-man delegation at the General Assembly of the United Nations Organization, and was their stalwart representative at the U.N.C.I.O. last summer.

He was born at Compton, Que., in 1882, of French-Irish parentage.

HON. L. S. ST. LAURENT

At Laval University he received his B.A. in 1902, and three years later his law degree. He read law with the Hon. L. P. Pelletier, one time Postmaster General. Recognized as one of Canada's brilliant young lawyers, he was made a K.C. in 1915. From that time forward he has become one of Quebec's legal giants. A polished bilingual and a great exponent of English-French solidarity, Mr. St. Laurent has appeared before the Privy Council and the Supreme Court of Canada for both the Federal and Provincial Governments in various constitutional cases.

In 1941, as Mr. Mackenzie King's choice to succeed Justice Minister Ernest Lapointe, St. Laurent took his initial step into politics as a Liberal. He was elected by a large majority, and on December 10, 1941 was sworn in the Privy Council and appointed Minister of Justice and Attorney General of Canada.

Spanish Program To Feature Play 'Senor Maestro'

**Students Will Present
Skits, Songs, Dances
Thursday, March 28**

"El Senor Maestro", a dramatic comedy in three acts, will be the main feature of an all-Spanish program of plays, songs, and dances to be presented Thursday March 28 in Moyse Hall by the Spanish Department. Two original skits, written by McGill students, "Los Ojos Verdes" (Green Eyes) and "Los Cafes" will be in the program, which will also include a Basque dance. Authentic Folk Songs of Old Spain have been specially arranged for this program by Miss K. Schultz, Mus. B., a graduate of the McGill Conservatory of Music.

Jose Berutti, a contemporary Argentine writer, is the author of "El Senor Maestro" and one of the leading exponents of inter-American cooperation. The theme of the play is the clash of wills between the Caudillo, or political boss, of a small Argentine town, and the Maestro, a humble schoolteacher who will not give up his liberal ideas. The "Caudillo" with all his ruthless methods is finally beaten by freedom and the enlightenment of the people. Leon Davicho plays the role of the Maestro and Eva Dollfus plays the Servant Girl, the main female part.

Dawson Shows Movies Opens Post Office

St. Johns, Que., Mar. 4. — (Special to The Daily) — Dawson College's newly-installed movie projector will be put into use for the first time tonight, when "Cover Girl", starring Rita Hayworth, will be shown in the Dawson Theatre. There will be no admission charge. There will be no movie this Thursday, but in the future, these shows will be presented every Tuesday and Thursday evening.

An official post office has been opened at Dawson. After five months' delay, the authorities have granted permission for the establishment of this post office. It is situated in the Administration Building (Building No. 1) at the telephone operator's wicket.

PUBLICITY

All Club News, Notices, and any other publicity which is to appear in The Daily must be handed into The Daily office not later than 5 p.m. today, as the last issue of The Daily appears next Thursday.

For President of Students' Society

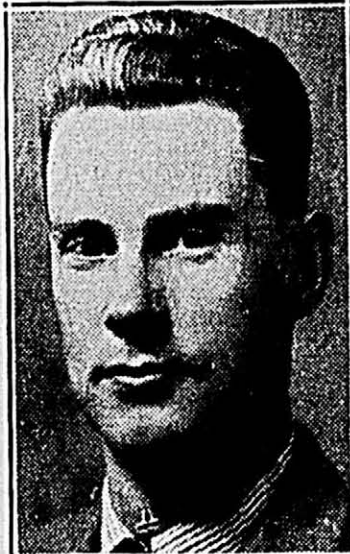

Jon Ballon

The clash of some selfish groups on the McGill Campus has aroused an unhealthy and antagonistic air, one which runs counter to the general interest of the student body. I am the representative of no particular faction, and if I am elected organized groups will have their place on this campus but will not be permitted to dominate it.

Since the President of the Students' Society is responsible for every aspect of campus life, it is vital that he should have a wide and varied experience, for indeed, the best promise a candidate can

(Continued on Page Four.)

Alec Ross

First I should like to thank those who nominated me. If elected I pledge myself to do my utmost for the welfare of the Students Society and to prove myself worthy of their trust.

During the past year there has been a great deal of activity on the campus. The number of veterans returning to college next year will swell our enrollment to an all time high and the coming session should see an unprecedented interest in extra-curricular affairs.

I am fully in favour of political

(Continued on Page Four.)

John L. Starkey

You are about to elect a President of the Students' Society for the coming year. I believe you want a man to represent the opinions of all of you—that is, of McGill. I believe that Student Government, to be really representative, requires your fullest participation in all discussion and formulation of policy, so that the actions taken truly represent your wishes.

During these post-war years, veterans and non-veterans must be drawn together in a common fellowship on the McGill campus. We

(Continued on Page Four.)

For President of McGill Union

(McGill Daily—Peter Hall)
Vincent I. Goring

To be a good president of the Union is to perform one of the hardest jobs on the Campus. The facilities of the Union are admittedly inadequate to serve as the main centre of student activities on the Campus. If elected I pledge myself to insure that these facilities are used to the best advantage and all possible means employed to improve and extend them.

The following are some immediate steps that can be taken: Lowering Cafeteria Prices: The University of Montreal serves

(Continued on Page Four.)

(Peter Hall—McGill Daily)
R. Cran Pratt

Having served on the Union House Committee this year as Vice-President, I see immediate need for action on certain points.

QUESTION OF A NEW UNION

Any loose promise of a new Union is of course ridiculous. However if elected I shall consider it my most important task to successfully complete the work undertaken by the Union Expansion Committee of which I have been a member. Strong representation must be made to the proper University authorities in order that the ur-

(Continued on Page Four.)

David L. Townsend

The Presidency of the McGill Union is a responsible position, and requires constant attention. Should I be elected to that position, I will fulfil the trust of those who nominated and supported me.

The function of the President may be divided into three different and distinct roles. They are: representing the McGill Union on the Students' Council, acting as a member of the Dates Committee, and administering and supervising the McGill Union Building. Each in its own part requires experience and insight, gained only through active

(Continued on Page Four.)

For President of Women's Union

(McGill Daily—Peter Hall)
Eleanor Baxter

I am grateful for this opportunity of speaking to you, first, because I can thank all those who nominated me, and second, because, I can tell you about my attitude toward this position.

Women have gained a vital place in this post-war world. During the war they increased their activity in almost every field and the women of McGill have kept pace with this progress. Many joined the services; many worked hard at a great variety of jobs, here at college; and all, whether they have

(Continued on Page Four.)

Heddie Brown

Before presenting my platform I would first like to thank those who nominated me for the position of president of the Women's Union.

The position of women is becoming increasingly important on the campus. The recent changes in the Students' Society Constitution, particularly with reference to women becoming members of undergraduate societies, proves this fact. Through a strongly organized Women's Union working in the closest possible co-operation with these undergraduate societies, our pos-

Continued on Page Four

Barbara Jackson

This has been an eventful year at McGill and one which has seen women taking an increasingly important part on the campus. If elected I would carry out the established duties of this office to the best of my ability and would also try to bring in the improvements considered necessary. I realize that problems will arise which cannot be anticipated now; in these cases I will always try to carry out your wishes. I feel I can do this as I would have sufficient time, as I have had executive ex-

Booths Open 9 a.m. to 2 p.m. In Main Bldgs

**Seven Positions
To Be Contested
By Candidates**

Elections for major campus posts will be held today, with polls set up in all the major campus buildings. Among the posts to be contested are those of President, Vice-President, and Secretary of the McGill Union, President of the Students' Society, and representative to the Advisory Athletic Board, as well as President and Secretary of the Women's Union.

Polling booths for today's elections will be open only from 9 a.m. to 2 p.m., it has been announced. Booths are situated in the following buildings:

Men's Smoking Room, Arts Building—for all men students in the Faculty of Arts and Science,

VOTING

All Students Vote For:
President of the Students' Society.

Men Students Vote For:
President of the McGill Union,
Vice-President of the McGill Union,
Secretary of the McGill Union,
Athletics' Representative.

Women Students Vote For:
President of the Women's Union,
Secretary of the Women's Union.

in the School of Physical Education, as well as those in Commerce, Theology, and Music.

Royal Victoria College—for all resident students in R.V.C., Strathcona Hall, and MacLennan Hall, together with all women students in Music and the M.S.P.E.

Chemistry Building—All women students in Architecture, Engineering and Science, not in residences above mentioned.

Ladies' Common Room, Arts Building—All women students in the Library School, Commerce, and Arts, not in residences above mentioned.

Medical Building—All women students in Physiotherapy, Medicine, Dentistry, Graduate Nurses, and Law not in residences above mentioned. All men students in Medicine 1 and 3, Dentistry 1 and 2.

Engineering Building—Men students in Engineering 2, 3 and 4, and Architecture.

Pathology Building—Men students in Medicine 2.

General Hospital Dental Clinic—Men students in Dentistry 3.

Residents of Dawson College, the men students in Science 1 and Engineering 1, will vote in the former site of the Dawson Post Office, in Dawson Hall.

Following are the candidates for the positions to be contested in today's elections:

PRESIDENT OF THE STUDENTS' SOCIETY

Ballon, Jon.
Ross, Donald A.
Starkey, John L.

PRESIDENT OF THE MCGILL UNION

Goring, Vincet L.
Pratt, Robert C.
Townsend, David L.

TUESDAY, MARCH 5, 1946
Vol. XXXV, No. 97

It's E-Day

For the past week or so the student body has been the object of a more vigorous election campaign than any seen at McGill for the last few years. Today, the campaigns will be culminated in the election of some of the subjects to the most important executive posts in our structure of student government. However, the point that must be emphasized again and again is that these leaders must be elected by the student body as a whole; the only way that can be done is for everyone to get out and vote. There is no excuse for not casting your ballot. The polls are situated in the main buildings about the campus and will be open for five hours.

We have been hearing a good deal of talk about the fact that we are to be the leaders of the next generation. The college youth of today is the hope of mankind for tomorrow—or so we are led to believe. There have been many occasions during which we feared for our civilization if it has to depend on us, and there have been others when the future seemed to be in capable hands. Today gives us another opportunity to show our mettle. If we are to be the leaders which we are foreseen to be, then it will be up to us to show ourselves that we can think straight and act accordingly.

If we have thought straight, then we have considered all possibilities and qualifications of the nominees for the posts in contest today—not only considered them completely, but in an unbiased manner which will bode well for the future of the campus and its activities. Certainly, there has been enough opportunities to know all about our candidates. The platforms have been run previously in The Daily and are being run once again today for your convenience. There was the election meeting Friday afternoon in the ballroom and last night's at Dawson. Only the most ingenious or the most indigent can possibly conceive of a valid excuse for not knowing about the contestants.

The duties incumbent on the various positions have similarly been recounted in The Daily's editorial columns during the previous week and yesterday. Remember when you vote that the President of the Students Society is our means of communication with the public as well as with the University; remember, too, that he will preside at general meetings of the Society and at meetings of the Executive Council. It should be held in mind that both the President of the Women's Union and the President of the McGill Union sit on the Executive Council, as well as carrying the responsibility of running their separate organizations.

While not as prominent, nevertheless very important in considering proper functioning of the Union and athletics are the other posts. If we are to have the full use of the Union building as a temporary home during the day and as a sort of club during the evenings it is up to us to see that we elect men to the Union execu-

The Ever-growing Field Radio

by HAL LAWRENCE for the Varsity

"This is CURC, the voice of Columbia University." With this simple statement, broadcast over a pipe-line campus hookup, began the career of an ambitious college station. The time was February, 1941, the place—Morningside Heights, New York.

Once a part-time activity of W2AEE, Columbia's name station, the original broadcast plant consisted of one microphone and one turntable in John Jay Hall, a Columbia Administration Building. Guided by three undergraduates, William Hutchins, Martin Scheiner, and Carl Carlson, the cub station was tenderly moved to more private quarters in a narrow corridor in Hamilton Annex, and broadcasts were begun to all the college dormitories using the central-heating pipe-line as a transmitter in February, 1941. The station has always been manned entirely by students.

At the outset it must be explained that this unusual station has a very weak transmitter, and can only reach buildings on the campus. However, the fact that the students are really listening to their radiators and not their radios does not disturb them. In fact, the radio station helps a great deal to liven up the quiet dormitories with spirited debates, and a variety of broadcasts ranging from "Meet the Professor", "Interfaith Discussions", all the way to drama and transcribed symphony music.

Shortly after its move to Hamilton Annex in 1941, the station set up transmission to Fernald Hall, a men's dormitory and, more important, across the streetcar tracks of Broadway to Barnard College and its dormitories. This move was hailed with much gusto by the co-eds, who promptly began to take an active interest in the station's activities. There followed days on which the station was run entirely by the women, flurries of scripts, debates, and lusty yells of "Bloomer Days are Here Again!"

Coming in at 600 Kilocycles on the dial, the campus station broadcasts from 8 p.m. to midnight from Monday to Friday each week during the Academic year. There was a time late in 1941 when CURC attempted a 16 hour daily schedule by linking up with the New York frequency modulation station, W2NY, but this venture was destined to be short-lived. Subsequently a short broadcast period of from 7.30 to 9 a.m. was introduced in order to offer the students a morning service that would supplement the evening schedule.

This period featured symphonic music, campus and world news, and jive music. With the entry of the United States into the war, a large influx of Navy personnel invaded the campus, and the early morning broadcast period was turned over to the Navy. This practice still exists today.

The traditional rivalry between radio and the press has found good-natured expression at Columbia. CURC and the Spectator have formed rival baseball, football and debate teams, and they have had some very spirited games and debates in past seasons. This past year, undaunted by many earlier defeats, the Spectator once again challenged the radio men to an encounter on the diamond, and true to form, were beaten twice by the CURC team. The station's winning ways continued throughout the year, Spectator being beaten last August in the first of a series of inter-organization quiz programs, and again in December as CURC's versatile squad took to the gridiron to trounce the Spectator boys twelve to nothing.

LINKS WITH NETWORK

The Columbia station's link with IBS, the Inter-collegiate Broadcasting System, is interesting. Ever since 1937, when Brown University began experimenting with wired broadcasts over steampipe channels, there has been a growing number of campus stations in the Eastern United States. Attempts at short-wave broadcasts by the IBS, in order to reach students in South America and England, have to date met with but little success. But the efforts in this direction point out the possible scope of this collegiate venture.

Celebrities have had their full share of the CURC spotlight in the past four years. Such luminaries as Alexander Woolcott, Eddie Duchin, Erik Barnouw, Nicholas Butler, and Dean Gildersleeve of Barnard have graced the Columbia microphone with their words of wisdom.

WIDE FOOTBALL COVERAGE

The broadcasting of reconstructed football games by use of long-distance phone and typewritten summaries has created student acclaim for this enterprising station. During the past seasons games have been broadcast from Yale, West Point, Princeton, and the U. of Pennsylvania. Out-of-town basketball broadcasts were also carried.

CURC carries commercials, and its rate-card sets up a very modest scale. The charge is three dollars for a one-minute spot, or twelve dollars for a half hour. Business has been improving lately, making possible the installation of a new studio, improved equipment, and the acquisition of a basement storeroom.

Through the co-operation of the School of Journalism, CURC has access to United Press news bulletins. Thus the station is enabled to offer both campus and national news services. The 1946 Presidential election, and the recent Mayoral campaign in New York were both covered by frequent reports that were both speedy and accurate.

From the viewpoint of the student, CURC fills an important place as a campus activity, as a training ground in radio, and as a responsible voice in the University. From the viewpoint of the radio industry, it is obvious that radio must benefit from this steady supply of trained men and women. Radio executives may snare prize material almost at will from this remarkable campus sideshow of radio that has dubbed itself "wired wireless".

For those who are interested in the positions and who will work to better the facilities at our disposal. The representative to the Advisory Athletics Board has the duty of presenting student views on matters of policy in the realm of athletics on the campus. With the return of intercollegiate sport, the job needs a man who has not only a knowledge of athletics but a sincere desire for its betterment at McGill.

There is only one chance at our disposal. Let us not be sorry next year that we did not take advantage of the privilege offered us today. Vote. — A. K.

Societe Francaise Presents Jacques Deval's "Tovaitch"

"Tovaitch," the well known play by Jacques Deval and an old favorite of stage and screen will have its presentation by the Societe Francaise on the 22 and 23 of March with the object of raising money for the children of France. Rehearsals are now going ahead under the direction of Mademoiselle Lenoir and a well chosen cast, headed by Therese Vallee and Rene de Chantal, promises to carry out the subtleties and shadings of French comedy with competence and understanding.

Concerning the difficulties of Russian emigres in Paris at the

THERESE VALLEE

close of World War I, when White Russians flocked to France in large numbers to escape the revolution, the plot centres around the attempts of Russia and various foreign powers to gain control over some four million dollars which were entrusted to Prince Mikail Ouratiff by the former Tsar. Reduced to dire poverty and unwilling to use the Tsar's money themselves, Prince Mikail and his wife Titiana are forced to seek employment as chambermaid and valet, a situation which leads to innumerable complications and entanglements and an eventual ending which is at once hilarious, nostalgic and very moving.

The role of Titiana is to be played by Therese Vallee. The niece of Rudy Vallee, Therese has sung in light operas such as Gilbert and Sullivan, on the west coast and in Ottawa. Rene de Chantal is taking the role of Mikail. Formerly of the University of Ottawa and a veteran

of the crack bomber squadron Les Alouettes, he denies having had any acting experience before and says he was "taken by surprise for the part."

Hanna Weiss as Fernande, the wife Mikail's employer, has acted both comedy and drama in many languages including German, Spanish and English, but says she has never acted in a French play before. Charles Arbez is cast as her husband, Maurice Lafrance.

Paule Badeaux, the ultra-sophisticated Arbezian daughter, in real life a Montreal debutante who attends at least one cocktail party a day, says she needs no coaching

RENE de CHANTAL

for the role, for her life is nothing but an act all the way through and the part requires no effort at all.

Other members of the cast are Claude Boyer, who plays the role of Georges Arbezian, and Edouard Becker the suave and polished French banker Chauffourin Du-bieff. It is of interest to note that Claude Boyer is a nephew of the famous "Come with me to the Casbah" Boyer who by the way acted in Tovaritch when it was made into a movie. Edouard Becker, who comes to McGill from Belgium and Switzerland, a veteran of the 6th Airborne Division who served in the Belgian Brigade and helped liberate Belgium and Brussels, says he was chosen for the play only because of his loud voice and he took the part because he felt he should collaborate in the activities of a university which has given him the wonderful opportunity of finishing his college education.

How to Make

Examination Paste

by Leonard R. Ashley

Here is a receipt for Examining Paste, a delicacy much in demand these days, taken from my latest cook book, "How To Stuff Examiners and Other Fowl" (Oliver Ink and Co., Toronto, 4.42). The following makes enough for one examination. For M.A. and Ph.D. these, double quantities.

MIX:
2 cups of stuffing.
Dash of information.
3/4 cup notes (finely shredded).
1 1/2 oz. blood, sweat, and tears (or artificial extract).
1/4 teaspoonful of study. (If you're related to examiner substitute dash of vanilla).

8 fluid ounces red ink.
1/2 cup worry.
1 pint finely cut assorted facts.
Stir well. Bake in a hot classroom (450 degrees) for three (4) hours, basting occasionally with the following: 3 parts blue ink and 1 of crammed information.
Spread very thinly on white paper. Serve.

Some authorities recommend one diced ten dollar bill be added to the above mixture when cool. Personally, I have always obtained better results by serving this, whole, between two sheets of the paper, sandwichwise.

Send \$18.93 to me, in care of, for my newest pamphlet on the culinary art, "One Hundred Ways To Cook Mathematical Results."

LETTER FORUM

OVERSIGHT

To the Editor, McGill Daily

Dear Sir: Being acquainted with Thornton Wilder's play "Our Town", I can understand the reason for the absence of a curtain call when this play was presented

POLITICAL COMMENT

SOVIET ESPIONAGE

"The newspaper, Le Montreal-Matin, is inclined to blame the government for its laxity in accepting the services of 'theorists, extremists and frequently even those of frankly Communist ideas.' This is an excerpt from its recent editorial columns as reported in the Montreal Gazette of February 27. The Montreal-Matin is not alone in its courageous stand. The same sentiments are echoed in many newspapers in Canada, both French and English.

The accusation is true. Not only should we blame the Canadian government for having in its employ dangerous radicals, but the United States government is also guilty. To cite an example: some scientists in the United States and Canada working on the Atomic Energy project have recently expressed themselves as favouring the sharing of scientific information gained with the Soviet Union. Added to this, a number of them from past actions are known leftist sympathizers.

Our two great democracies are exposing themselves to great danger in accepting the services of "theorists, extremists and frequently even those of frankly communist ideas." In Canada, and more particularly in the U.S., the scientists referred to are often refugees, and members of inferior races. They have been given temporary haven through our generosity. But we cannot tolerate them any longer. They stand condemned on three counts. They are radicals, many of them are refugees and members of inferior races. In our fair land we already have too many of each variety. We would be well rid of them.

The following suggestions are made to remedy the situation. The governments concerned should first dispense with the services of the dangerous radicals. The Soviet Union should then be approached with a view to deporting the undesirable scientists to that country. A thorough house-cleaning should be made. A scientist tinged with only the slightest suspicion of radicalism is a menace and hence should be deported. It is quite certain that the Soviet Union would accept them.

This move would accomplish two

Redmen, U of M Clash Tonight in Preparation for Varsity

McGill To Play U. of M. In Exhibition Tilt Tonight Heading Show at Forum

Speculation Rife Over Playoff If Varsity Defeats Carabins

After last Friday's thriller in which the Red hockey team tied things up with Varsity, there has been much speculation as to how or whether a play-off game will be held, if, and it seems likely, the Blues can down Les Carabins this Friday.

At the moment there is no definite news, but it seems probable that one sudden death game will take place. The site of the match is also an important matter, and this will probably be decided by a toss, or else the final will be held on a neutral rink.

There is, however, a chance that the Flying Frenchmen will manage to take a game from the Torontonians when the two teams meet this week, and if this occurs, a hearty sigh of relief will no doubt be forthcoming from all McGill fans. After all, Halder and Kossick are a pretty good pair.

PLAY U. OF M.
Nevertheless, the Redmen aren't going to give themselves a chance to get out of practice, for they tangle with U. of M. tonight at the Forum in the feature attraction of a grand carnival which is being given by the gang from over the mountain. The game, exhibition of course, will also provide some good practice for Les Carabins who haven't engaged in any matches for quite some time. This will be at the U. of M. carnival at the Forum.

All through the season the Redmen have shown that they are championship material, and last Friday's game was sure proof of such a claim. Any team that can come back to overcome a three goal deficit has plenty on the ball, and if there is to be a play-down, we can be sure that the McGill men will be fighting all the way. At any rate Coach Campbell is as sure as ever of his boys, and from past experience he can be pretty positive that they won't let him down.

IRVIN IMPRESSED
Dave isn't the only man, however, who realizes that McGill has some pretty good hockey players, for Canadian's coach Dick Irvin was heard to remark as he left the Forum on Friday, "That Gelineau is another Durnan". In fact the Redmen have been improving all season, and Beigler's work on the defence has added much strength to the lineup.

Co-ed Considers Puck Fantasy Full of Thrills and Chills

(The following letter appeared in the sport page last year. It's merit as an analysis of the game of "hockey" necessitates its reappearance as a guide to the uninitiated.)

By ANNE HUGHES
Dear Alice:
You really should have been with us last night—we went to see the most fascinating game—hockey, I think it was. We girls were waiting on the corner of Atwater for a bus when we all decided we'd go in to see Mrs. Roosevelt in the Forum. So we paid our twenty-five cents, and we found a huge screeching throng in a heatless barn with ice all over the floor. Everybody was yelling like mad, so we thought maybe Mackenzie King was there, so to imagine our surprise when a whole mass of skaters bursting out onto the ice in all the colors of the rainbow. So we sat back and told each other that we surely would enjoy seeing the Follies again.

Smart Referee?
But instead they all started fighting over a little black thing that a man in a white sweater (also on skates—the clever man) dropped. All through the evening he was trying to get it back, but the men in the red and blue sweaters kept trying to get it away from him and throw it into a little cage-like affair on the front. There was another one on the back. I suppose the little black thing must have been rubber, they were all fighting so hard to get it.
Well, as I say, it was really the most exciting game. We figured it all out eventually. It seems that there are three teams on the ice. The red try to get it into the little cage with the blue man in front of it (and this was awfully clever because the blue man kept trying to hit it away). Incidentally, I should tell you that the men on the goals were pads all over their legs, because they did so much skating on their shins. And of course, the
(Continued on Page Four.)

Dawson Intermediates Lose To Georgians In Playoffs

It was a hard-fighting Dawson squad that bowed out of the Intermediate cage playoffs but not before they had thrown a scare into the Georgians. Trailing 39-32 by virtue of an earlier victory by the Maroon and Gold, the St. John boys upset their foes 35-31.
From the opening whistle it was a different type of game. The play was fast and shooting accurate. Play varied with each side leading at some stage. At half time but one point separated them with Georgians on top.

DAWSON FIGHTS BACK
In the second half, Dawson put on a do-or-die spurt and swept into the lead. The seven-point margin proved unsurmountable however and the game ended with the

Dawsonites on the short end of a 70-67 total.
By virtue of their victory, Georgians advance into the finals against the University of Montreal who upset the McGill team. Winner of this series will advance along the Dominion championship trail. For the Georgians Vern Taylor and Sammy Kiss were top scorers netting 10 points each. On the home quintet scoring was evenly distributed with Kuza tops with seven.
The cage season ends now for Dawson and McGill Intermediates. Both teams finished league play atop the MBL but playoffs saw them both bite the dust. Jerry Leonard did a fine job with the boys at St. Jean who bowed out in true collegiate manner.

BOB BRODERICK and GEORGE DAVISON have captained the puck and hoop teams, respectively, along the Intercollegiate trail. Both have been vital cogs in the successful season had by both teams.

Coeds Triumphant During Week-end In Shuttle Play

Toronto and Queen's Bow to McGill Girls; Joyce Elder Outstanding

The coed badminton team came away from Kingston with another victory to add to McGill's week-end triumphs. Despite Toronto's 1 point lead on Friday, the girls forged ahead on the final day and emerged as winners. Friday's scores: Toronto 5, McGill 4. Saturday: McGill 7, Toronto, 6, Queens 4, Western 1.

Joyce Elder, McGill, easily gained the Tournament Singles Championship with consistently excellent playing. Anne Merston and P. A. Macfarlane scored highest in the Doubles claiming another honor for McGill.

RESULTS

Singles

Joyce Elder vs Toronto, McGill, 2-0.
Jean Hood vs Queens, Queens, 3-1.
Joyce Elder vs Toronto, Toronto, 2-0.
Jean Hood vs Toronto, Toronto, 2-0.
Joyce Elder vs Queens, McGill, 2-0.
Jean Hood vs Western, McGill, 2-0.

Doubles

Anne Merston-P. A. Macfarlane vs Western, McGill, 2-0.
Anne Merston-P. A. Macfarlane vs Queens, McGill, 2-0.
Anne Merston-P. A. Macfarlane vs Toronto, McGill, 3-1.

CO-ED FINANCING
The contest for the McGill co-ed fencer's championship is scheduled for Thursday at 8 p.m. in the Currie gym. The Assault at Arms, a McGill tradition, was won last year by Mary Ann Skare. This year Miss Skare will not be defending her title, but the manager expressed her belief that the new talent will come up with some fast bouts. All McGill students are allowed to witness the meet.

Acadia Cagers Upset St. FX in Close Tilt

The Acadia Varsity Hoop squad pulled off one of the biggest basketball upsets of the season when they defeated the St. Francis Xavier squad 22-21.

With nine minutes of play remaining in the low scoring contest, the Xaverians were on the long end of a 19-3 score. At that time the Axemen came to life and for the last nine minutes of play held the Xaverians to two points while collecting 19 of their own. The winning basket was scored in the last five seconds of play.

M.O.C. Mumlblings
By Gord

There will be a meeting of the General Council and Executive Board of the M.O.C. tonight at 7.15 p.m. in the lecture room of the Currie Gym. Besides the above can the following please attend: Judy Osborne, Mary Hummel, Daphne Jenkins, Pam and Ann Merston, Dot Douglas, Joan Hooper, P. J. Ross, Elizabeth Turner Bone, Peggy Ann MacFarlane, John Dohan, Bill Ward, Murray Locke, Don Mathews, Tom Hope, Don Coates, Ed Ballon, Leo Boyer, Jack Abel, Gerry Henderson, Bob Jackson, John Bishop, Ed Chaplin, Art Townsend, George Riley, Eric Colbert, Dave DeJong. In the graduating class, Margie Williamson, Ina Hyde, Doris Wilson and Ursula Milner-White. Tuesday, 7.15 p.m., Currie Gym.

Here's the date:
For all those who sent their money last week, definite reservations have been made at the State of Vermont Ski Dorm, so those who were on the "doubtful" list may breathe a sigh of relief.

Trains: Friday a.m. 9.25 at Central Station. Get your ticket to Waterbury, Vermont. Train arrives about noon. There is a bus to Stowe which meets the train at the station.

Remember: To bring your own blankets and towels.
Get your American money on this side of the border.
Bring a First Aid Kit.
Bring ski wax, especially "Klis-ter".
You will be taking the name of

Arts Wins Interfaculty Track In Hamilton Race Elimination

Lefcoe Establishes High Jump Record; Frank Outstanding

The Interfaculty Track Meet was run off yesterday afternoon at the Sir Arthur Currie Gym with Arts winning the event by two points. Science was second with 14 points and Commerce third with 8. The names of the runners going to Hamilton on March 20 will be announced later on.

The first event of the afternoon was the fifty yard dash. Artsman Munroe ran away with the honors, Wilkinson from Phys. Ed. was second and Kirwin, Arts, third.

Howe Wins 440

Science lead the way in the 440, Howe and Pennyfather both Science were first and second respectively. Alvin, Arts, was third and Gillespie, Med, fourth.

The 1 mile was won by Eddie Ballon, captain of the track team, representing Arts. J. Rogers, Arts, came second and L. Rogers, Eng, third.

The 50 yards low hurdle was one of the most exciting events of the afternoon, and Brewerton Med came first followed by Wilkinson Phys. Ed. and Van Wagner came third.

RECORDS MADE

The standing broad jump brought some surprise when Frank, Comm., equalled the record of 9 ft 8 3/4". Lefcoe, Sci and Kerwin, Arts were second and third respectively.

Lefcoe established a new record in the high jump event by flying over 5 ft 11 3/4". Frank took second

McGill down with you, so act accordingly.

ELECTION MEETING

McGill Debating Union

Officers to Be Elected

President, Vice-President, Junior Treasurer

In Union Ballroom

5.00 p.m. Today

NOTICE

SECRETARIES of CLUBS and SOCIETIES

Are requested to hand in a list of their executive officers for the session of 1946-47 to Miss Heasley at The Union. This information is for the Handbook of next session.

CANDIDATES' PLATFORMS

McGILL UNION—p 1

Vincent I. Goring
excellent meals in its cafeteria for 34 cents while we have to pay 45 cents. Since the Union exists to provide these facilities more cheaply than may be provided outside, I shall endeavour to lower the cost of meals to a minimum without impairing their quality. This, I am convinced, is quite possible.

Renovation of the Union: The Union today is in a deplorable condition considering that it is intended to serve 4000 students. The ballroom is drab, dreary, and cold and fit for neither Student Society meeting nor dances. It needs renovation and improvement and cries out for the installation of a public address system. The basement floor is dilapidated and requires reconditioning.

Improvement of Facilities: Certain steps can be taken immediately—increased cloakroom space—a regular and ample supply of periodicals protected by permanent hard covers for the reading room—better provision for bridge players.

The best time to make these improvements is during the coming summer months. I believe the only permanent solution is a new and larger building, which is obviously needed and which I am prepared to work for. However, until this can be realized the above program will go far towards improving the utility of our present Union.

Further as a member of the S.E.C. I pledge myself: (a) to take a special interest in the Student Employment Service, from the viewpoint of jobs most suited to each student course, (b) to represent your ideas on the Council (c) to help awaken student interest in democratic student self-government.

R. Cran Pratt
gency of the situation be recognized in the proper circles. If however the Needs Committee decide that due to other commitments the University cannot as yet undertake as large a project as a new Union the President of the Union must press for extension of the present facilities. Such extension might be two-fold:

1) Expansion of the ground floor back to the lane (the land involved in this expansion being already held by the University). Thus would the impossible congestion of the cafeteria and grill room be materially eased.

2) Rational reorganization of the basement to provide more satisfactory meeting and cloak room facilities.

Administration of the Union
In the day to day administration lies the most important function of the President. My past experience on the Union House Committee will aid in doing this administrative work. Some of the changes and additions I favour are as follows:

1) Report of all meetings of the Union House Committee should be carried in The Daily in order that the student body can follow the work of the elected representatives.

2) Purchase of a P.A. system to be used in the ballroom and to be made available for all clubs and societies.

3) Continuation of the social functions sponsored by the committee.

Other Aspects of the Position
The most important of the other functions is the position on the Students' Executive Council held by the President. If elected, I shall endeavour to act with vigour on this body so that it may become re-instated once more to its proper position in the eyes of the student body.

Activities
Vice-President McGill Union '45-'46. Freshman Reception Committee '45-'46. McGill Book Exchange '44-'46. Second Year Arts and Science Executive '44-'45. McGill History Club, President, '45-'46. N.F.C.U.S. Committee '45-'46. McGill C.C.F. Club, President, '45-'46. The Scarlet Key '45-'46.

David L. Townsend
participation in campus activities. I do not believe in making elaborate pre-election promises. But, I do say that the present work of the Union Expansion Committee will be continued and augmented as much as possible in order that present facilities may be enlarged. Furthermore, all problems relating to the rearrangement of space to enable larger student participation in the Union will be dealt with, and any criticism of Union House policy, meals, or service will have my careful attention and consideration.

The President of the Union is a member of the Students' Council and has an important part in decisions affecting campus organization and policy. I have impartial views regarding any campus club or group, and as a member of the Council, can discuss undergraduate activities without a biased opinion. Through past activities, I have come in close contact with the Dates

Committee, and realize the importance of being a member. I shall do my utmost to co-operate to the fullest extent with all campus clubs.

Finally, let me say, that since the President's position requires a broad outlook, combined with previous campus experience, and past activities are an adequate indicator of a candidate's capabilities.

Past activities — McGill Players' Club '43-'46 (President, 1945-'46); Student Reception Committee, '45-'46; Arts and Science Dance, '44-'45; Eng. Debating Society, '44-'46 (Vice-President '45-'46); Eng. "Monkey Wrench" (Managing Editor '45-'46); E.U.S. Publicity Manager for '46-'47; McGill Senior Football '44-'46; McGill Senior Waterpolo '45-'46.

Women's Union—p. 1

Eleanor Baxter
been away or not, have acquired new energies for peacetime life.

This means that the women of the campus are a more useful and important group than ever before. We need and deserve better athletic and social facilities. The Women's Union should be more than a name; it should be a place. The value of an integrated body of women students can be inestimable both to themselves and to the campus generally. I feel that a Women's Union building is the surest way of maintaining such a group.

If elected, I would have a specific aim and a general one. The first is to see concrete plans laid for a centre for the Women's Union and the second is to give all my energy to satisfying the needs of the women on this campus.

Heddie Brown
tion on the campus will become more consolidated.

Such consolidation and co-operation can be accomplished in only one manner—by more publicity for women's activities. This year has seen an increase in publicity for women through the aid of the Women's News Editor on the Daily. Greater publicity serves not only to bring the women students together, but also to emphasize the fact that McGill is truly a co-educational university.

In the past the Women's Union has done its utmost to welcome all women returning from the services and to make them feel a part of McGill—this is a policy which I feel should be continued.

Tradition must be maintained but not at the expense of progress. Any women's clubs and societies may rest assured that they will have the support of the Women's Union for any new program that will be a benefit to the women as a whole.

In closing I would like to say that to undertake this post successfully, previous executive experience is desirable. Furthermore, to understand fully problems which are bound to arise this experience should not be limited to one field.

Previous activities at McGill: Debating Society (Executive '44-'45, '45-'46); Freshman Reception Committee ('45-'46); R.V.C. House Committee ('44-'45, '45-'46); Treasurer of the M.W.S.A.A. ('45-'46); Vice-President Women's Union ('46); R.V.C. Representative to the Students' Council ('46); Athletics—Basketball, Swimming, manager ('44-'45) Archery.

Barbara Jackson
perience — previously and more recently with the Veterans' Society and I would work to maintain a close contact between the executive and the women students. As your representative to the Students' Executive Council, I would support a vigorous and representative student government.

The greatest part of the work of the Women's Union is to support and encourage social functions, clubs, athletics and cultural activities. There are, however, a few points which I would particularly like to stress.

Establishment of a co-op house for ex-servicemen.

Improved Union facilities.

While working for a new, large co-educational Union building, I realize the difficulties and in the meantime feel that we must improve existing facilities. The common room and washroom in the Arts building particularly need re-decoration.

Improved lunch facilities to permit non-resident students to obtain a decent lunch in comfortable surroundings.

A hearty social programme including more successful dances at Dawson.

Continuation and strengthening of Voluntary Services programme.

Support of women's participation in campus activities especially through the Debating Union and N.F.C.U.S. committees.

Enlargement of Freshman Reception Committee with consideration to restoring the "Big Sister" programme.

Arrangements for the R.V.C. Lib-

rary to be opened during noon hours.

Full support for the M.W.S.A.A. and a comprehensive programme to ensure the opportunity for all who wish to participate in some physical activity.

In conclusion I would like to thank all those who nominated me, and pledge myself, if elected, to carry out the above programme in your interests.

Students' Society—p 1

Jon Ballon
make for the future is his record in the past.

This record should show: (a) A well-rounded interest in all phases of student life, as evidenced by his consistent and active participation in the executive, academic, athletic, social and cultural program of the university; (b) An insight into and an appreciation of student problems which can only be developed by working with varied campus groups and organizations; (c) The ability and time to cope effectively with these problems. My past activities are presented below for your consideration.

Activities:
Chairman, Veterans' Reception, January; Chairman, Freshman Reception, September; Secretary, McGill Union; Arts and Science Representative to Students' Executive Council; Senior football squad (3 years); Intramural Athletics Council; Co-Chairman, U.T.S.A. Charity Campaign; Film Society Executive; Cosmopolitan Club; Intermediate Hockey (2 years); Arts and Science Undergraduate Society Executive; President, Freshman Year; Scarlet Key.

Alec Ross
clubs on the campus as long as they live up to the ideals of their original inception, the discussion of their various political ideologies.

The Mock Parliament provides a medium for the discussion of national questions but, I feel, that there should be another medium for the discussion of current affairs and I should like to see a Student's Forum set up next year. This Student's Forum would also be run by the Debating Union and meetings could be called by 25 students. The Debating Union could arrange for speakers, to express their views and the meeting could then be thrown open for discussion from the floor. This would leave the Student's Society meetings for questions of major importance which affect the campus as a whole.

Although I am extremely interested in current affairs I am not affiliated with any political club and do not believe that the President of the Student's Society should be. He should be strictly non-partisan so that he can speak for the whole student body.

I do not feel that the students have enough responsibility in the running of the athletic program. At present the Athletic Advisory Board is made up of student representatives, members of the Faculty and graduates, but, as its name implies, it acts in an advisory capacity only. I would like to see an Athletic Board set up which would consist of three students, three members of the Faculty and three graduates. It would have control of all the athletic funds and of the arrangement of the sports program. This system was in operation in the past and if such responsibility were placed on the shoulders of the students, more interest would be taken and, as a result, intercollegiate and intra-mural sports would be more successful.

I was one of the first veterans to return to the campus and their problems are mine. I have seen them grow from the original six to a group now numbered in thousands. I do not believe that they should band together as a group but rather assimilate themselves into the activities they favour and act as a body only when an issue arises which affects them directly as student veterans.

At present I am the Engineering Representative on the Student's Executive Council and I feel that my experience has given me a knowledge of student administration. I have had three years service in the Army both in Canada and overseas and the experience gained there will aid me to carry out the duties.

I can devote the time necessary to do a competent job.

When you vote, be sure you make a satisfactory choice. It's up to you!

John L. Starkey
are all students of the same university with common problems and interests.

This is my approach to Student Government. If elected, I pledge myself, with your continuous support, to carry out the following program. I assure you that I shall always be accessible to all students who have suggestions in the inter-

est of the student body as a whole.

1. PROPOSE:

1. Student Employment
Co-ordinated action on the problem of summer employment, and after-graduation employment, by the Students' Employment Bureau, Uni-Vet, and all concerned.

2. Athletics
An expanded Athletics Program, with student representatives participating in all policy decisions.

3. Dawson College
(a) An elected representative on the SEC; (b) Adequate sports equipment; (c) A scientific reference library.

4. Debating Union
Full support of an Open Forum, inter-club debates, Mock Parliament, etc., for student discussion of controversial questions.

5. Co-operation With National and International Student Organizations.

6. McGill Radio Station
7. Formal Social Affairs Within All Students' Budgets

I wish to thank all those who have nominated me, and assure the students of McGill that if elected, I shall undertake all tasks on your behalf to the best of my ability.

Union Vice President

P. L. Baxter
I should like to express my appreciation to all those who nominated me to the position of Vice-President of the Students' Union.

To be brief my platform is:

(1) A determined effort to get a new Union and in the meantime work for enlargement facilities of the present one.

(2) Strict enforcement of such regulations as not allowing bridge playing in the Grill Room during the lunch hour.

(3) Investigation of how we could have cheaper meals in the Cafeteria. In as much as the meals at Hart House, University of Toronto, are only twenty-five cents each, I see no reason why the meals in our Cafeteria should not be considerably lower than they are, and I shall work towards this end.

I feel that my experience at the University of Manitoba (two years) and in the Army (three years) should assist me in the position of Vice-President of the Students' Union.

John S. Chipman
Many appealing promises can be made for the improvement of the McGill Union. It has been shown in the past, however, that the greatest promise for the future is the record of the candidate in the past.

I will cooperate to the best of my ability with the other members of the Union House Committee to maintain the greatest possible efficiency in the Union as is possible under existing conditions. For example, the magazines in the reading room should be bound.

Further, I will continue the work of the already existing Union Expansion Committee, which is laying the basis for reconversion and enlargement of the Union, and investigating the possibilities of a site for a new and larger Union in several years' time.

I will aim for the support of the Students' Executive Council in backing the recommendations of the Union Expansion Committee.

Activities: Desk Editor, The McGill Daily; president, McGill Lib. Club; vice-president, International Relations Club; secretary, Inter-University Club; secretary, Spanish Club; N.F.C.U.S. Committee; executive, McGill Outing Club.

Peter Hedrill
As I have been at Dawson this past year, I am not conversant with the problems which concern the present executive of the McGill Union or those which next year's executive must concern themselves.

For this reason and because I do not believe in electionary promises I will not put forth any specific points in this platform. What I do promise is that if elected I will carry out the duties of vice-president of the McGill Union to the best of my ability with the interests of the student body in mind at all times.

Activities:
1939-1941—McGill Science.
1942-1945—R.C.N.V.R.

1946—President Dawson Student Society and President of Engineering I.

Athletic Board

Edward M. Ballon
In no Canadian University do Athletics get less encouragement than they do at McGill. Ironically the authorities have long seen fit to blame the lack of stimulus on student apathy, but it is only the lack of leadership and organization on their part that has led to such a feeling.

What is the nature of our maladjustments? In short they are these:

(a) A tight-fisted and confused athletic financial policy.

(b) The lack of a well-known quality called "DRIVE" in the Athletics Office.

(c) Inadequate Athletic equipment.

No individual student can shake the University from the lethargy in Athletics in which it is presently so solidly entrenched; but he can perhaps minimize the above inadequacies by asserting his influence for staff re-organization. If elected this I would do to the best of my ability.

Captain, Senior Track & Field 1945-'46.
Captain Sr. Cross Country 1946-'47.

Scarlet Key Society 1945-'46.
Vice Pres. Arts & Science 1942-'43.
Ex-Lieutenant R.C.N.V.R.

R. H. Davis

In presenting a platform for the position of Arts and Science Representative to the Athletic Council I should like to stress three qualifications which I have for that position: experience, interest and time.

Some of my activities as far as sports are concerned are as follows: Intermediate Basketball 43-'44; Asst. Mgr. Rugby 44-'45; Asst. Mgr. Basketball 44-'45-'46.

I am interested in a large number of Arts and Science students taking part in the athletic facilities available. This could be achieved by greater publicity. At present there is insufficient publicity of the various athletic competitions.

Finally, I have the time to devote to this office.

In short I feel confident that should I be elected, that I have the experience, interest and time to carry out my duties successfully.

Murray Robinson

If elected, I sincerely promise to devote the full time necessary to fulfill the exacting obligations of this responsibility.

I have previously represented McGill Athletics as a member of the Senior Intercollegiate rugby team and realize the need for considerable understanding pertinent to all campus athletic activities.

During the past four years I acquired some experience in athletic management in the R.C.N.V.R. I believe this experience should be of value in this office.

In brief, my main endeavour as your representative will be to make the athletic program proportional to the increased enrollment and the additional forthcoming facilities.

I believe that there should be sports for all, good coaches for all sports, and the best of equipment. The available athletic facilities should be utilized by all students on the campus.

Your faith in my nomination is gratefully acknowledged. Your continued support in the forthcoming election will be deeply appreciated.

Union Secretary

Fred Cleman

In presenting my platform for the secretaryship of the McGill Union, I should like to thank all those who nominated me and assure them that if I am elected I shall do the work entailed to the fullest extent of my capabilities.

It is my belief that the facilities of our Union are most inadequate, and, if elected, I would do all in my power to add momentum to the move afoot to acquire larger quarters. I am prepared to live in the Union, which would give maximum opportunity to do the work, and do it well.

I have acted in executive capacity with the following organizations: The McGill Daily; the Arts and Science Undergraduate Society, as Publicity Manager; the Philosophy Club; the Bridge Club, and various other groups. On the basis of this work, I would suggest to you that I have sufficient experience in campus executive work to fulfill the requirements for the position. Also, I have been awarded a Sir William Macdonald entrance scholarship.

Murray W. Hays

First of all, I would like to thank all those students who nominated me for this position.

If elected, I will attempt in every way possible to fulfill all the duties and responsibilities connected with this position.

I am in no way connected with any political faction on the campus, and shall try on every occasion to act without a biased opinion.

I am acquainted with almost all the candidates running for the other positions, and if elected, I feel that close co-operation could be effected.

The McGill Union figures prominently in campus activities. It is a general meeting place of all students, and as such I feel that everything possible ought to be done in administering it so that it will continue to serve the best interests of the whole student body.

President Commerce 1 1945-'46.
McGill Senior Football Team 1945-'46.

Sub-Lt. R.C.N.V.R. 1943-'1945.

Brian MacDonald
I would like to state my platform as follows:

1. The Union facilities are now hopelessly overcrowded. It is part of the Senate's plan for post-war expansion of the University to provide students with a new Union. Until such time as this may be effected, I feel that the best plan to follow is to put into effect a system distributing the Union facilities as evenly as possible.

2. I would suggest certain concrete improvements; the basement to be renovated to provide improved facilities for clubs and the Daily, a new piano for the ballroom, acquisition of a permanent P. A. system for the ballroom, re-organization of billiard and ping-pong facilities.

3. Last year's Executive took many progressive steps to improve the present facilities. I would suggest continuation of their efforts, and I would cooperate fully with the other members of the House Committee in the interest of the student body.

In closing, I would like to thank all those who supported my nomination, with the hope that I shall be given a chance to justify their confidence.

Paul L. White

A—POLICY.

The McGill Union is your Union, and the Students who own and pay for its upkeep have the right to see that it is administered to their advantage, as they would like to have it. My policy, if elected, will be to represent your interests and not mine as an individual. In this respect I will deem it a duty to consider all constructive criticisms and suggestions for improvements coming from the Student Body, and will strive to the best of my ability to have them carried out.

B—PROPOSALS.

The undermentioned proposals are not just my ideas, but your needs, and this is the reason why I will strive for them, as your representative, if elected.

1.—Immediate renovation and enlargement of Union facilities until such time as a bigger and better Union can be built.

2.—Better eating facilities, and at a lower cost per meal for students. This can be done. (e.g. U. of M.—34 cents for a good full course meal.)

3.—Improved conditions for conducting student activities, such as Society and Club meetings, reading room, bridge playing, etc.

If elected, I pledge myself to work along these lines, and will not be content with half-hearted attempts.

Women's Secretary

Jocelyn Mackay

I should like to thank those of my fellow-students who supported my nomination for the position of secretary of the Women's Union.

One of the essential qualities of a candidate for executive position is a desire to understand fully, the duties which comprise the office and to fulfill these duties promptly and accurately. The duties of the secretary of the Women's Union are to record the minutes of the monthly meetings of the Women's Executive Council and of the annual and semi-annual general meetings of the Women's Union. Too, as a member of the executive body of the women students it is the privilege and the duty of the secretary to represent fairly the opinions and desires of her fellow-students.

If you elect me, you may rest assured that the office of secretary of the Women's Union will receive my unfailing attention at all times.

Mary Witham

In the first place, I wish to thank all those who so generously supported my nomination for Secretary of the Women's Union.

The specific duties of the Secretary, as outlined in the constitution, are to take the minutes of the meetings of the Women's Union and of its Executive and to attend to their correspondence. On the lowest level such work can be of a routine nature, but as a member of the Women's Union Executive, the Secretary can and should assume a more active and constructive role. If elected, it will be my purpose to contribute as far as I am able to the efficient and harmonious working of the Executive in promoting the undertakings of the Women's Union and in co-operating to the fullest extent with other societies engaged in furthering the interest of women students in the ever widening activities of university life.

Ann W. Ryan

I have accepted the nomination as Secretary of the Women's Union with the assurance that, if elected, I will carry out my duties as efficiently as I am able and will give my fullest attention to the work of the executive.

The secretary's principal duty must be co-operation with other executive members and I pledge my support to all programs car-

ried on by them on behalf of the women at McGill.

The continuance and improvement of social and cultural activities; a more general acquaintance with the programs of associated clubs, the Debating Union and the M.W.S.A.A.; the broadening of Freshman Reception Committee activities; closer relationship between the women and their executive (suggestions and criticisms of individual students should be the concern of the executive body); the extension of existing facilities for women; these projects shall receive my wholehearted attention and support.

Alice Trevis

It is my belief that every woman on the campus should vote in the coming elections and should vote wisely. Therefore I should like to take this opportunity to state my aims as Secretary of the Women's Union and thus aid them in making an unprejudiced choice.

As secretary of this important organization, I will cooperate with the President and all the other members. I will aid them to the best of my ability with time, ideas and any talents I may have. I will try to interest the students in the organization and its numerous activities for it seems to me that this interest is sadly lacking. I will do my best to uphold the constitution and carry out its aims and through this organization, do my share in raising the standard of campus life for the women students.

In conclusion I should like to thank those who nominated me, and should I be elected, I will strive in all ways to see that their faith is justified.

D.V.A.—p. 1

matter adjusted. Similarly students who have not paid such bills should return them to the cashier.

ST. LAURENT—p. 1

His legal manner is without reproach, elegant, incisive, and tactful, as was shown in the summer, when he steered the United Nations Charter through the House of Commons, acting as Minister of External Affairs, and in the absence of the Prime Minister. He holds many honorary degrees from Universities throughout the Dominion, and is also a Professor of the Law Faculty at Laval. For several years he was Barrister, and President of the Canadian Bar Association. Recently he was honored in the King's Christmas List with the P.C.
